### **DETAILED ACTION**

This office action is in response to the amendment filed November 5, 2009. In accordance with the amendment, claims 1, 3-7, 12-17, 19, and 22 have been amended, while claim 2 has been canceled.

Claims 1, 3-22, and 29 are pending (non-elected claims 23-28 being canceled herein by the attached Examiner's Amendment).

### ***Election/Restrictions***

1. This application is in condition for allowance except for the presence of claims 23-28, directed to Group non-elected **without** traverse on June 10, 2009. Accordingly, claims 23-28 have been cancelled (see attached Examiner's Amendment).

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 23-28 (Canceled).

***Allowable Subject Matter***

3. Claims 1, 3-22, and 29 are allowed. The following is an examiner's statement of reasons for allowance: the closest prior art of record (see rejection mailed August 13, 2009) does not teach or reasonably suggest, **in combination**, each claim limitation of sole pending independent claim 1. For example, there is no teaching or reasonable suggestion for an optical device with a photonic crystal comprising: a first member having a *refractive index distribution* which decreases with **distance** from an optical axis (signal propagation axis) extending through the photonic crystal, the refractive index distribution decreasing along a first direction *perpendicular* to the optical axis; and a plurality of second members *substantially periodically placed* within the first member along a second direction of the *photonic crystal* different from the first direction (see Applicant's Figures 1-2; remarks on pages 9-11 of the amendment filed 11/5/09 regarding the claimed invention). Claims 3-22 and 29 are dependent from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Response to Arguments***

4. Applicant's arguments, see amendment and remarks (pages 9-13), filed November 5, 2009, with respect to amended independent claim 1 in view of the prior art, have been fully considered and are persuasive. In view of the amendments to

Art Unit: 2874

claims 1, 3-7, 12-17, 19, and 22, and the arguments presented therein, all 35 U.S.C.

112, second paragraph and 35 U.S.C. 102(b/e) rejections mailed August 13, 2009 have been **withdrawn**. Applicant's remarks and comments filed November 5, 2009 clearly disclose how the claimed structural limitations *patentably distinguish* from the prior art of record.

### ***Conclusion***

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: PTO-892 form reference A to Hamada.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DANIEL PETKOVSEK whose telephone number is (571) 272-4174. The examiner can normally be reached on M-F 8:30-5PM.
